# **REASON FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance:

As to claims 1, 10, 11, the instant application directs to a non-obvious feature improvement over the invention described in cited prior art. The non-obvious feature comprises a quantizer operable to quantize an output of the high-speed data transmission circuit relative to a level of the plurality of reference voltage levels, and in combination with a clock generator operable to generate a clock having a transitioning time which is less than one quarter of a minimum switching period of the output of the circuit.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

# Information Disclosure Statement

- 2. The references listed in the information disclosure statements submitted on 7/18/03 has been considered by the examiner (see attached PTO-1449).
- 3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
